Code of Ethics

Date :
16st April 2024

As an importer of natural and vegan cosmetics, my company aims to conduct business in accordance with ethical principles. I am committed to highly ethical standards that include an emphasis on protecting the environment while respecting the lives of animals. Our main concern is to offer only cruelty-free products that have not been tested on animals. At the same time, I am committed to transparent labeling of all ingredients and components of our products so that our customers have a clear understanding of what they are buying.

I am also committed to supporting sustainable manufacturing practices and minimizing our ecological footprint to reduce our negative impact on the planet. We will actively inform and involve our customers in our sustainability and environmental stewardship efforts. We aim to create a community of people who share our values and are willing to support sustainable development and care for our environment.

Sincerely,
